LIFESPAN

NexGen PLATINUM Platforms last up to 15 years. Keeping staging 100% functional is no longer an issue with **NexGen PLATINUM range.**

The benefits of a fully magnetic system are clear. Users of lockable portable staging know how the locks jam and fail over time.

So buy Magnetic - It's Hassle FREE

Replacing stage locks is expensive. There are 8 locks per platform on most staging platform brands.

This creates an expense that gives users a choice which very often results in them leaving the platforms unfixed and unsafe.

***"There is simply nothing to fail on this platform.
No locks, or corner cleats. Its all magnetic.***

TESTIMONIALS

NexGen Portable Staging boosts cognitive skills, such as creativity, problem-solving, memory, and concentration

- It increases engagement and motivation in learning by making it more interactive and enjoyable during rehearsals and performances.

Don't just take our word for it. Read some of our happy customers comments:

“

“Our school bought a set of stage equipment from you last year and we couldn't be happier with the results. The students love using it for their drama classes and performances. They have become more confident, expressive, and collaborative. The parents and teachers are also impressed by the quality and durability of the equipment”

- Mrs. Jones, Drama Teacher

“

“We ordered a NexGen staging package from you for our daughter's birthday party, and it was a huge hit. The kids had a blast playing with the props, costumes, lights, and sound effects. They put on a fantastic show for us and their friends. It was a memorable & educational experience for everyone.”

- Mr. Smith, Parent
